The club's primary objective is to ensure a drug-free campus by implementing a complete ban on the possession, consumption, or use of drugs, alcohol, and any other intoxicating substances by students, both on and off campus or within the hostels. This will be achieved through the organization of various awareness programs, competitions, exhibitions, public rallies, and campaigns, with the collaboration of the Excise Department or Vimukthi Mission. The club will also focus on educating students about the adverse effects of drugs, alcohol and other intoxicating substances, promoting peer monitoring to discourage their use.
